

INSIDE PASSAGE

Mask mountain snow and upper portion of boat with masking fluid.

1

Tape below upper horizontal line(s) with masking tape. Then saturate sky and paint in colors (cerulean, cobalt blue, rose, b sienna)

2

Paint in mountains (cobalt green, cobalt blue). Dry, then remove snow masking.

3

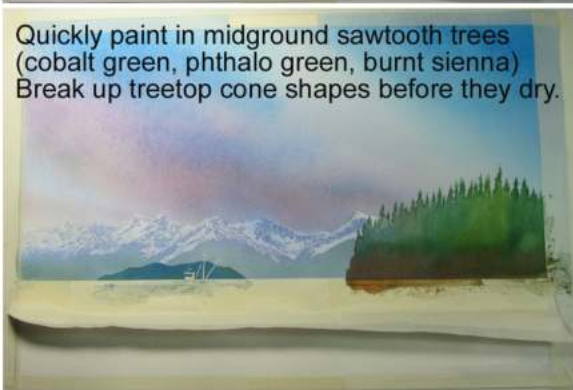

Saturate above tape and "flick" in cobalt blue over snow with toothbrush. Dry, then paint in distant island (cobalt green, cobalt blue).

4

Quickly paint in midground sawtooth trees (cobalt green, phthalo green, burnt sienna). Break up treetop cone shapes before they dry.

5

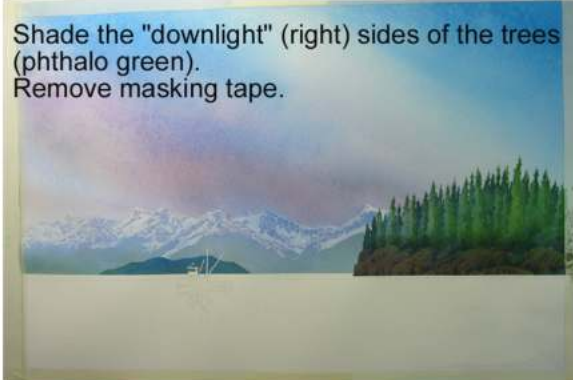

Begin sorting the trees & rocks (cobalt blue).

6

Shade the "downlight" (right) sides of the trees (phthalo green). Remove masking tape.

7

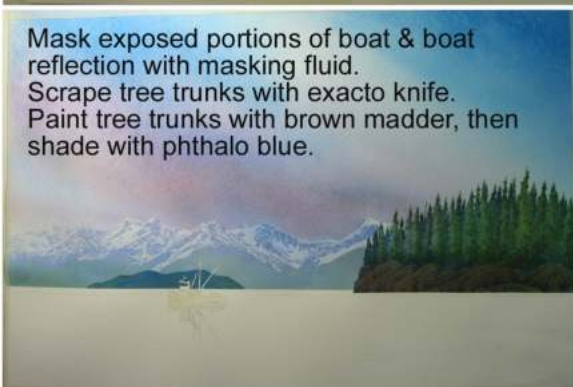

Continue sorting & shading the trees & rocks (cobalt blue).

8

Mask exposed portions of boat & boat reflection with masking fluid. Scrape tree trunks with exacto knife. Paint tree trunks with brown madder, then shade with phthalo blue.

9

Tape above lower horizon line, then paint ocean colors, mimicking sky colors (cerulean, cobalt blue, rose, burnt sienna) and midground tree/rock reflections (phthalo green, burnt sienna). Dry, then remove tape & masking, then paint & shade the boat (gray, cobalt blue, rose, ultra-green, cerulean). Scrape wake line, boat cables, & sea gulls with exacto knife.
